## PROFESSIONAL SUMMARY

After being a technician for over 4 years, I have learned about being a programmer and of the endless possibilities of what I can do in this field. I enjoy learning new things every day and find Data Science to be fascinating. Working a full time job and learning programming at the same time has been challenging yet rewarding nonetheless. I am very driven and work hard to achieve my goals.

I am a hardworking and passionate career seeker with strong organizational skills, eager to secure an entry-level Data Science position to expand my skills and portfolio. I am ready to help your team achieve company goals and increase efficiency.
